

MATERIAL SAFETY DATA SHEET

MSDS File Number: 2454

SECTION I - MATERIAL IDENTIFICATION AND USE			FLAMMABILITY	1	
Material Name / Product Identifier SONIC ATF SL			REACTIVITY	0	
Manufacturer's Name Consumers' Co-operative Refineries Ltd. P.O. Box 260; 550E 9th Avenue North Regina, SK S4P 3A1 Canada (306) 721-5353		Supplier's Name Federated Co-operatives Limited P.O.Box 1050; 401-22nd Street East Saskatoon, SK S7K 3M9 Canada (306) 244-3447		HEALTH (Acute)	1
Emergency Telephone Number (613) 996-6666 (Canutec)		Emergency Telephone Number		(Chronic)	N
Chemical Name N.D.		Chemical Family N.D.		Mfg Reference Number	
Molecular Weight N.D.		Trade Name and Synonyms		Material Use Automatic Transmission fluid.	
Chemical Formula Mixture.					

SECTION II - HAZARDOUS INGREDIENTS OF MATERIALS

Hazardous Ingredients	Approximate Concentration %	C.A.S. Numbers	Exposure Limits	LD50 / LC 50 (Species and Route)
Base Oil	75.0 %		(ACGIH) TLV-TWA 5 mg/m3 (oil mist)	(LD50) Oral (rat) >5000 mg/kg
Additive Package *	25.0 %		(ACGIH) TLV-TWA 5 mg/m3 (oil mist)	

(*) Denotes: Additive package containing rust/oxidization inhibitor, anti-foam agent, anti-wear compound and viscosity modifier.

SECTION III - PHYSICAL DATA FOR MATERIAL

Physical State Liquid	Odour and Appearance Clear red color; mild odour	Odour Threshold (ppm) N.D.	Specific Gravity 0.86 @ 15C
Vapour Pressure N.D.	Vapor Density (Air = 1) N.D.	Evaporation Rate N.D.	Boiling Point 250 - 450 C
Solubility in Water (20 C) N.D.	% Volatiles N.D.	pH N.D.	Freezing / Pour Point -63 C
		Coefficient of water / oil distribution N.D.	

SECTION IV - FIRE AND EXPLOSION HAZARD OF MATERIAL

Conditions of Flammability May form combustible mixtures with air at temperatures at or above the flashpoint.			
Means of Extinction Foam, water spray, dry chemical, carbon dioxide.			
Special Procedures Cool fire exposed containers with water spray. Due to danger of slop over, avoid getting water into containers. Move containers away from fire area if at no risk. Vapours may travel to distant sources and flashback. Fire fighters should wear self contained breathing apparatus.			
Flash Point and Method >150 C (Open Cup)	Upper Explosion Limit N/A	Lower Explosion Limit N/A	Auto Ignition Temperature 413 C
Explosion Data - Sensitivity to Mechanical Impact N.D.		Explosion Data - Sensitivity to Static Discharge N.D.	

SECTION V - REACTIVITY DATA

Chemical Stability	Yes.	If no, under which conditions?	Stable under normal conditions of use and storage.
Incompatibility to other substances	Yes.	If so, which ones?	Unstable with strong oxidizers.
Reactivity and under what conditions Exposure to heat or oxidizing materials will greatly increase fire hazard. Hazardous polymerization will not occur.			
Hazardous Decomposition and Combustion Products Incomplete combustion may produce carbon monoxide, hydrogen sulfide, sulphur and short chain alkyl mercaptans.			

Material Name / Product Identifier **SONIC ATF SL**

SECTION VI - TOXICOLOGICAL PROPERTIES OF PRODUCT

Route of Entry **Skin Contact, Eye Contact, Inhalation.**

Effects of Acute Exposure to Product

Vapours, mists or fumes may be irritating to the eyes, nose, lungs and throat. May be irritating to the eyes but will not injure tissue. Low oral toxicity; If aspirated into the lungs from swallowing or vomiting, this material may cause severe health effects. (e.g. chemical pneumonitis.)

Effects of Chronic Exposure to Product

Repeated or prolonged contact with skin from clothing wet with this material may cause skin irritation.

LD50 of Product Oral (rat) >5000 mg/kg.	Irritancy of Product Yes.	Exposure Limits of Product See 'Hazardous Ingredients'.
LC50 of Product N.D.	Sensitization to Product N.D.	Synergistic materials N.D.

OTHER TOXICOLOGICAL EFFECTS: None.

There is no data available to indicate any components present at greater than 0.1% that may present a carcinogenic hazard. There is no data available to indicate any components at great than 1% that may cause mutagenic, teratogenic or reproductive effects.

SECTION VII - PREVENTATIVE MEASURES

Personal Protective Equipment

Wear chemical resistant clothing if prolonged skin contact is likely.

Gloves Rubber gloves.	Eye Protection Safety glasses with side shields or chemical goggles.
---------------------------------	--

Respiratory
Not normally required if used with adequate ventilation. Wear an appropriate NIOSH approved respirator if concentration levels exceed the safe exposure limits.

Engineering Controls
Use with adequate ventilation. Use of mechanical ventilation is recommended.

Leak and Spill Procedure
Ventilate area. Remove ignition sources. Contain (prevent entry into waterways). Wear protective equipment as necessary including rubber boots. Pump up using an explosion proof pump. Soak up remainder with an inert, absorbent material.

Waste Disposal
Recycle, dispose of or incinerate product and/or contaminated materials in accordance with all government regulations. Take the necessary action to prevent or remedy the adverse effect of any spill.

Handling Procedures and Equipment
Avoid contact with skin, eyes and clothing. Wear chemical resistant clothing if prolonged skin contact is likely. Wear chemical goggles if splashing may occur. Avoid breathing vapors or spray mists. Use only with adequate ventilation. Wash thoroughly after handling. Launder contaminated clothing before reuse. Keep away from heat and ignition sources. Empty container may contain product residue which may exhibit hazards of product.

Storage Requirements
Store in a cool, ventilated area, out of direct sunlight. Keep container closed when not in use.

Special Shipping Information
TDG: Not Regulated.

SECTION VIII - FIRST AID MEASURES

Skin
Remove contaminated clothing (launder before reuse). Wash skin thoroughly with soap and running water for 15 minutes. Seek medical attention if irritation develops or persists.

Eye
Immediately flush eyes with plenty of water for at least 15 minutes, lifting lower and upper eyelids occasionally. If irritation persists or develops seek medical attention.

Inhalation
Remove to fresh air. If breathing is difficult, give oxygen. If breathing has stopped, begin CPR. Seek medical attention.

Ingestion
DO NOT INDUCE VOMITING! Rinse mouth out and give 8 ounces of milk or water to drink. Keep at rest and seek medical attention.

General Advice

SECTION IX - PREPARATION OF M.S.D.S

W.H.M.I.S. Classification Not a controlled product.	N.F.C. Classification
